INSURANCE DIVISION

The Bureau of Insurance was established by legislative enactment on March 21, 1873. From that date to the year 1913, the State Treasurer was ex-officio Insurance Commissioner. By Chapter 1, House Bill 55 of the General Assembly of 1913, the offices of the State Treasurer and Insurance Commissioner were separated. The Act created a separate Department of Insurance and provided for the qualifications of the Commissioner and his appointment by the Governor for a term of four years. Public Chapter No. 311, Senate Bill No. 1038, Public Acts of 1983, changed name and designation of the Department and Commissioner to the Department of Commerce and Insurance and the Commissioner of Commerce and Insurance, effective May 17, 1983.

The Insurance Commissioner's report for the calendar year 1984 includes statistics compiled from abstracts of the Annual Statements and is published in tabular form, giving analysis, classification and summary of items comprising the Assets, Liabilities, Surplus, Gain and Loss Exhibits. The figures given of companies of Tennessee and other states and countries are those submitted by the companies in their annual statements under oath, except where changed by the Department audit or by request of the companies. The annual statements and schedules of all companies are on file in the offices of the Insurance Division subject to public inspection.

As of December 31, 1984, there were licensed and transacting business in Tennessee the following number of companies or organizations:

DIVISION OF FIRE PREVENTION

The Division of Fire Prevention, also known as the State Fire Marshal's Office, is administered by the Commissioner of Commerce and Insurance in his capacity as State Fire Marshal, through the Assistant Commissioner for Fire Prevention and the various sections of the Division. The Fire Prevention Division is the arm of state government that is charged with the life safety of all Tennessee citizens in matters pertaining to fire or fire-related codes.

The Division is responsible for all statewide fire prevention programs. This currently includes, but is not limited to, public fire safety education, investigation of origin and circumstances of fires, prosecute the crime of arson and related offenses, collect, analyze, and distribute fire data, regulate liquified petroleum gas installations, manufacture of manufactured homes and recreational vehicle construction, gasoline bulk storage plants, manufacture and sale of fireworks, explosive users registration, inspection of all boilers and elevators, and prosecutes violations of the respective statutes.

The Division is organized into eight (8) sections: Administration, Arson Investigation, Boiler and Elevator Inspection, Electrical Inspection, Engineering Plans Review, Fire Fighter Certification, Fire Safety Inspection and Manufactured Housing.

Revenue:

No state appropriations—All revenue received and used is earned by penalties, fees, or forfeitures, and collection of the ¾ of 1% premium tax on fire insurance premiums collected in Tennessee and credited to the Fire Prevention Fund for maintenance on this Division as specified in T.C.A. 68-17-140 and 68-17-142.

Revenues collected by the Division of Fire Prevention during the year of 1984 were:

Fees and Permits	$3,333,947.52
Fire Marshal's Premium Tax	2,490,609.84
TOTAL	$5,824,557.36

ADMINISTRATION

This section, consisting of the Assistant Commissioner for Fire Prevention and his administrative and legal staff, performs the executive, administrative, and legal duties related to the operation, and coordination of the various sections of the Division of Fire Prevention. These duties planning of goals and objectives for the Division; establishment and implementation of Division policies; legal opinions; procurement of supplies and equipment; personnel management; collection, analysis, and dissemination of fire data; public education and information; and fire service liaison.

The administrative section received over 28,000 fire incident reports during 1984. Fire departments from 140 cities and towns use the computerized Tennessee Fire Incident Reporting System (TFIRS) to report their fire data. In cooperation with local fire departments a progressive public fire education and information program is operated. During 1984, this program reached approximately 930,570 people in all 95 counties in Tennessee.

A film library is maintained by the section. The library consists of 68 different 35mm slide or 16mm film presentations. The slides and films cover many subject areas in fire prevention, education, training, and fire safety. The slides and films are loaned free of charge to fire departments and other fire safety groups for use in promoting or teaching fire safety. At any one time, over 40% of the selections are checked out with particular high demand during fire prevention week in October.

The administrative section processes commissions for Fire Chiefs in Tennessee, as Assistants to the Commissioner, pursuant to TCA 68-17-108. The section also promotes cooperation between various fire service organizations, serves as a clearinghouse for fire related issues in Tennessee and assists the various sections with promulgation of rules and regulations.

ARSON INVESTIGATION SECTION

The Tennessee Arson Investigation Section is the investigative arm of the State Fire Marshal's Office. This section investigates the cause, origin and circumstances of complex fires, explosions, and other criminal acts where a fire or explosion is involved, investigates all deaths caused by fire or explosion.

This section plans and organizes Arson Investigation Programs within the state, conducts training programs and seminars for local and federal agencies involved in arson investigation and fire prevention. It also enforces state statutes on explosives, fireworks and investigates fire insurance fraud claims, presents reports and information to District Attorney General for prosecution, and makes arrests for violations where necessary.

This section also regulates the fireworks industry in the State by issuing permits to manufacturers, distributors, jobbers, wholesalers, and retailers of fireworks. In 1984 fireworks permits collections toalled $180,070.75 in revenue to the State.

Five district offices are maintained across the state located in the major cities for convenience and efficiency.

COMMISSION ON FIRE FIGHTING PERSONNEL STANDARDS AND EDUCATION

The Commission on Fire Fighting Personnel Standards and Education is attached to the Department of Commerce and Insurance, Division of Fire Prevention, for fiscal purposes as established by T.C.A. Title 4, Chapter 24.

The Commission is responsible for:

(1) Approving the training programs offered by county and municipal fire departments, both paid and volunteer.
(2) Recommending and approving curricula for advanced courses and seminars in fire science, fire engineering and training in insitutions of higher education or other state supported schools; and certifying instructors for those programs.
(3) Establishing classification based on training and education for all fire fighting personnel who desire to be certified and successfully pass the examination for the various classifications given by the Commission.
(4) Preparing a standard examination to test the levels of training and education of applicants for certification and establishing a passing grade therefor.
(5) Disbursing the monies for the supplemental training pay to fire fighters who qualify in accordance with the provisions of T.C.A. Title 4, Chapter 24, when said funds are appropriated.

FOR CALENDAR YEAR 1984

The Commission's Rules & Regulations were amended to encompass the professional qualifications standards of the National Fire Protection Association for Fire Apparatus Driver/Operator, Airport Fire Fighter, Fire Inspector, Fire Investigator and Fire Prevention Education Officer. With the formal adoption of these standards, the mechanism is now in place for certifying fire service personnel at all of the professional levels as presently defined by N.F.P.A.

Contacts were made with approximately 90 to 100 fire department and local government officials for the purpose of explaining and encouraging participation in the certification program. As a result of these personal contacts, six (6) additional fire departments were enrolled in the program. Several other departments have applied and been approved, but have not been enrolled (initiated) as of this report.

Also, a special ninety (90) hour training program for the Franklin Fire Department and a sixty (60) hour Basic Firemanship "Rookie" School for the Newbern Area Vocational-Technical School was approved by the Commission.

Forty-eight (48) orignial examinations were developed and administered, with 301 applicants participating, resulting in the certification of:

63	at the Apprentice Fire Fighter I level
37	at the Apprentice Fire Fighter II level
85	at the Journeyman Fire Fighter level
22	at the Fire Department Instructor I level
207	total individual certificates issued

The Commission also certified a Fire Science Instructor for Tenn. State University and awarded interim certification to seven (7) Fire Department Instructors.

FIRE SAFETY INSPECTION SECTION

The Fire Safety Section is charged with the responsibility of enforcing State Statutes and National Fire Protection Association Codes (especially the "Life Safety Code") for the purpose of protecting the citizens of Tennessee from possible injury or death from fire. This section is further charged under Department of Commerce and Insurance Regulations, Chapter 0780-2-3 Section 0780-3-.06, effective August 26, 1982, with inspecting all educational occupancies, detention and correctional occupancies and State buildings under construction to insure that the construction meets the equivalent standards of The Standard Building Code and The National Fire Codes. As of January 1, 1983, that requirement was extended to cover construction of Assemblies with occupancy of 300 or more. Effective July 1, 1983, the inspection requirement was extended to include all business and/or residential occupancies three (3) or more stories in height, including those cities authorized to conduct reviews and inspections of new construction within their jurisdiction.

The 1982 Edition of The Standard Building Code and NFPA 1-1975 including all National Fire Code references were adopted by Department of Commerce and Insurance Regulation Chapters 0780-2-2-.03 effective August 26, 1982.

FIRE PREVENTION – Continued

During the calendar year of 1984, the Fire Safety Section concentrated on construction progress inspections of new construction of State owned, and local governmental buildings, assemblies over 300 occupancy and buildings three or more floors in height. This section continued to conduct re-inspections and provide assistance to the school superintendents in the correction of hazards found during our school fire safety survey program that was completed in the Spring of 1982 for public schools and in December 1983 for private schools. By conducting revisit inspections of schools and providing assistance to the school superintendents and the school boards, the school systems have been able to reduce the points listed on the school survey computer printout for the schools to sixty-six points or less. That is considered by this office to be below the serious fire and life safety hazard range. All school systems are in the process of correcting life safety code problems with new construction, renovation and or by use of their own maintenance crews. Resurveys will be initiated at the beginning of the 1985-86 school year.

The Fire Safety Section conducted a total of approximately 8,124 inspections and associated activities for fire code compliance; investigated 48 complaints; conducted 1,544 code consultations with architects, contractors, builders, and owners either at on-site construction projects, architect's office and/or Division of Fire Prevention offices.

During the calendar year 1984 the fire safety section collected the following revenue for certificates of registration, licenses and LP Gas.

This section also regulates manufactured structures industries by licensing manufacturers dealers and stabilizing systems installers doing business within the State, performing in-plant production line inspections of manufactured home and recreational vehicles during the course of construction, and performing inspections of completed units on dealers lots.

This section also participates in the HUD Manufactured Housing Program which includes manufactured housing consumer complaints handling within the State of Tennessee as a HUD approved State Administrative Agency.

Revenue increased $44,836.55 over 1983 due to the increase in production and improvement in the economy.

CONSUMER AFFAIRS DIVISION

The Division of Consumer Affairs is charged under the Consumer Protection Act of 1977 with protecting consumers and legitimate businesses from persons engaging in unfair or deceptive business practices. The Division's jurisdiction covers any trade or commercial transactions involving Tennessee consumers.

CONSUMER COMPLAINT INVESTIGATION AND MEDIATION

Consumer complaints are assigned to a specific coordinator who then contacts the respondent business, assembles available information and attempts to mediate the complaint. If the complaint remains unresolved, the complainant is notified that he or she may have a right of private action under T.C.A. 47-18-109 or that the case is to be referred to the Attorney General's office for possible legal action.

CONSUMER INQUIRIES

The Division receives thousands of inquiries from consumers each year. In some cases the consumer is referred to other state or federal agencies. In others the Division personnel, utilizing complaint records or information files, answers other requests.

INVESTIGATIONS INITIATED BY DIVISION

Occasionally, through requests from other agencies or from government officials, the Division will initiate an investigation to determine the status of a particular business or genre of business where it is felt to be in the best interests of the public to do so.

LEGAL ACTION

By statute the Division can request the state attorney general's office to become involved in a case whenever the Division has reason to believe that a person in engaging in, has engaged in, or based upon information received from another law-enforcement agency is about to engage in any act or practice declared to be unlawful by the Consumer Protection Act.

CONSUMER EDUCATION

Through communication with federal, state and local agencies and various other sources, the Division maintains up-to-date information files and compiles consumer tipsheets for use in disseminating information to consumers.

Several members of the staff accept speaking engagements on various topics of consumer education, and there is an on-going effort to provide information to consumers through media appearances and press releases. During fiscal year 1984, approximately 2,320 persons were reached through speaking engagements and there were 46 (approximately) media appearances.

CONSUMER LEGISLATION

The Division actively seeks information from other state and federal agencies regarding legislation and regulations affecting consumers and can provide this information to members of the legislature or others interested in sponsoring consumer legislation.

SECURITIES DIVISION

The Division is charged with regulation of the securities industry. There are three sections under the supervision of chiefs who report to the Assistant Commissioner—Securities, who in turn reports to the Commissioner.

SECURITIES REGISTRATION

The Securities Registration Section processes applications for registration of new issues of non-exempt securities. Registration statements are reviewed to determine whether they meet minimum standards as to disclosure of material information and as to fairness and reasonableness. No effort is made to investigate the facts provided by the Registrant. This section also processes requests for exemptions and responds to requests for no-action letters and requests for interpretive opinions.

The following table summarizes the activities and results of this Section:

	1979	1980	1981	1982	1983	1984
Number of New Registrations	1,163	1,365	2,044	2,082	2,365	1,762
Renewals	422	452	511	530	726	856
Exemptions			791	455	1,100	1,577
Fees	$262,837	$557,310	$956,294	$1,100,793	$1,619,270	$1,507,731

For the first time in five years, the total fees for registrations have decreased. The number of registrations filed have continued to increase although at a reduced rate. This is due in large part to Tennessee having adopted the North American Securities Administrators version of the Uniform Limited Offering Exemption.

BROKER-DEALER/AGENT REGISTRATION

This Section is responsible for registration and regulation of securities broker-dealers and their salesmen, and investment advisors. Applications for registration are carefully reviewed both as to adequacy and accuracy in an effort to maintain minimum standards for members of industry. The following table summarizes this Section's activity:

Registrants	1979	1980	1981	1982	1983	1984
Broker-Dealer/ Investment Advisors	520	571	490	570	700	870
Agents	4,000	4,748	6,830	8,831	13,600	18,290
Revenue						
Fees	137,890	303,080	439,515	555,550	820,175	1,090,978
Examinations	170	795	—	5	10	7
Staffing	3	4	4	4	4	5

The increase in dealers has been due to increased public interest in investments in real estate syndications, oil and gas interest and limited partnerships and other tax shelters.

The increase in agents is due to the upswing in the market and the registration of new dealers that offer tax shelters.

ENFORCEMENT

This section is responsible for enforcement of the anti-fraud provision of the Securities Law. It investigates complaints from investors, follows up leads provided by other regulatory agencies, and initiates investigations based on information from informants. Cases are developed wherever possible for administrative, civil or criminal proceedings. In 1984, 35 investigations were initiated. Two (2) cases were referred for criminal prosecution. There were seven (7) convictions. Six (6) Agent applications were denied. Two (2) Broker-Dealer applications were denied. Two (2) Broker-Dealer licenses were revoked. There were twenty (20) Consent Orders which resulted in Cease and Desist or Suspensions of seven (7) Broker-Dealers and sixteen (16) agents. Five (5) Broker-Dealers were fined a total of $69,300 and three (3) Agents, $21,000. Other Consent Orders were entered against thirty-six (36) unregistered companies and individuals.

STATE BOARD OF ARCHITECTURAL AND ENGINEERING EXAMINERS

The State Board of Architectural and Engineering Examiners was originally created by Public Acts of 1921, to assure that only properly qualified persons shall practice architecture and engineering in this State. Public Acts of 1975 completely rescinded the old statutes governing the Board and replaced them with a new Act. Again in 1979, Sunset Legislation brought about major revisions by an Act to restructure the Board of Examiners for Architects and Engineers and the Board of Landscape Architects by combining such boards to create a single entity, to provide a termination date for such entity under the Governmental Entity Review Law, to provide for consumer representation on such entity, to amend Tennessee Code Annotated, Section 4-2903, and to repeal Tennessee Code Annotated, Title 62, Chapters 2 and 23.

This Board consists of seven (7) members, three (3) registered architects, three (3) registered engineers and one (1) member who is not engaged in the practice of architecture, engineering or landscape architecture. The Board is required to appoint a committee on Landscape Architecture for the administration of the Landscape Architectural registration process. This committee shall be composed of one (1) architectural Board Member, one (1) engineering Board Member, and the third member shall be a Landscape Architect.

Uniform national examinations for each of the three respective professions are administered by the Board. Tennessee candidates passing scores rank with the national and regional averages.

TENNESSEE STATE PRIVATE EMPLOYMENT AGENCY BOARD

The General Assembly created the Private Employment Agency Board by Chapter 727 of the Public Acts of 1972, to regulate and license personnel recruiting services, managers, and counselors. The original act placed the board within the Department of Labor. Executive Order No. 41 (1983) transferred the board within the Department of Commerce and Insurance where the board is currently a part of the department's division or regulatory boards.

The Act itself established a regulatory board composed of six (6) members appointed by the Governor, with the Commissioner acting as a seventh member. These six appointees represent the agency industry itself as well as private business and labor. This Board is charged with the duty of establishing rules and regulations to enforce the Act and to conduct hearings where violations of the Act are found.

The General Assembly replaced the Private Employment Agency Board with the current Personnel Recruiting Services Board by Chapter 865 of the Public Act of 1984.

TENNESSEE REAL ESTATE COMMISSION

State regulation of the real estate industry began in 1915, was revised in 1919, but only required the filing of an application, paying a fee, giving a bond and paying a privilege tax. This licensing was administered by the County Court Clerks. In 1951 the legislature created the Tennessee Real Estate Commission. The Commission Code has been amended and revised several times and is presently operating under Tennessee Brokers Act of 1973 as amended. 1983 witnessed a continual rapid growth in the Time Share industry. Time Sharing also known as interval ownership, enables a person to own his vacation home at a particular time of year without the cost and responsibility of full-time ownership. This new industry has been responsible for a growing number of consumer complaints. There are currently seven (7) Commissioners appointed by the Governor each for a term of five (5) years. Two (2) public members were appointed to the board in 1980-81.

The basic responsibility of the Commission is to ensure protection to the public. This is accomplished by requiring and rendering competency examinations; requiring an apprenticeship for broker applicants; supervised affiliation for salesman applicants; establishing educational requirements; initiating investigations to eliminate incompetence, misrepresentation and fraud among some agents; and to help develop professionalism among real estate agents. Beginning 1-1-85 agents will be paying a recovery fund fee instead of the old bond requirement. The Commission, after proper hearings, is empowered to revoke or suspend licenses. Their performance activity for the fiscal year 1984 is as shown:

Activity	Number
Examinations	6,612
Renewals	16,232
Transfers	7,248
Duplicate License	134
Rental Locators	7
Retirement	9,179
Firm Applications	251

INVESTIGATIONS SECTION

The primary object during fiscal 1984 was to refine the report writing format that was introduced during the previous year in order to make it more responsive to the needs of the Legal Section.

A secondary objective of the Investigations Section was to identify all the individual job responsibilities that existed in the Section and to pattern them into meaningful job performance plans.

Principally, the Section operated during the fiscal year with a Chief Investigator, a secretary, a typist and 11 full-time field investigators. Investigations were conducted for all agencies of the Regulatory Boards with the exception of the Board of Pharmacy and the Motor Vehicle Commission. During the course of the fiscal year, the Section also supervised the activities and responsibilities of the Cemetery and Funeral Pre-Need area (now referred to as the Burial Records Section). Eventually a full-time secretary was added to be responsive to that area. Investigations continued to make cosmetology, real estate and private employment agency inspections, the latter agency now known as the Personnel Recruiting Service Board.

In March, 1984, the Investigations Section made a physical move from one floor to another floor in the building where the Section is located. The move was necessitated because of the transfer of all Boxing and Racing responsibilities from one administrator in the Regulatory Boards to the Investigations Section. A supervisory investigator was assigned to administer this area and was given the title of Coordinator of Records for Boxing and Racing. The Cemetery and Funeral Pre-Need area was removed from the Investigations Section supervision but their secretary remained giving the Investigations Section the services of two full-time secretaries.

The following statistics for the Investigative Section were based on the fiscal year July 1, 1983 through June 30, 1984, a year that reflects a total of 249 full working days and five hours:

Activity	Number
Investigations opened	349
Investigations re-opened	18
Investigations closed	387
Firm Inspections (Cosmetology-71; Private Employment Agency-66; Real Estate-275)	412
Internal Advisory Memoranda	255

To accomplish the above activity, the Investigations Section drove a total of 92,032 miles (89,498 miles using their own personal vehicles and 2,534 miles using a State vehicle). The Investigations Section had an *unofficial total* of State reimbursable expense of $24,873.40.

The most important part of any investigation is its final disposition. Coordination between Legal Section, the Board Administrators and the Investigations Unit did not always lend itself to an accurate accounting of disposition statistics. The following list of statistics was compiled from the dispositions that were furnished to the Investigations Section by Legal, etc., and from individual investigative activity:

Activity	Number
Licenses revoked	11 (3 by Agreed Order; 1 by Default)
Licenses suspended	4
Licenses placed on probation	6
Letters of reprimand	10 (6 by Agreed Order)
Warning letters	11
Cease and Desist letters	11
Advisory letters	1
Administrative warnings	9
Verbal warnings	1
Verbal reprimands	1
Injunctions sought	1
Injunctions granted	1
Chancery Court affirmations	1
Criminal charges filed	8
Criminal convictions obtained	8
Fines	8 (Total of $18,200.00 in fined with $9,250.00 suspended)
Complaints dismissed	119

The majority of the investigative case load during fiscal year 1984 was generated by the Real Estate Commission (20%).

During the fiscal year, the Investigations Unit conducted one significant in-house investigative training seminars. The three day course of instruction was in the area of financial investigative techniques and instruction was offered by a special agent of the Criminal Investigations Division, Internal Revenue Service, Department of the Treasury. Dialogue was also entered into with representatives of the Tennessee Law Enforcement Training Academy and the Federal Law Endorcement Training Center in Glynco, Georgia regarding the possibility of investigators from this Section attending those training institutions. See also separate statistical report for Boxing and Racing.
